From the Principal's Desk

Kendriya Vidyalaya is a pioneer Institution in the field of education and takes care of all stakeholders. Common minimum program was started to take special care of the primary children and to give them the best environment to learn. Activities under CMP play an important role to extract the hidden qualities of students and unfold their potentials from the beginning. Teachers acting as facilitators, provide students an opportunity to learn. This newsletter is an attempt to share the steps that we are taking to implement the CMP in our institution. I extend my best wishes to the Primary Department on release of this issue of newsletter and believe that under the able guidance of our HM Mr. Sandeep Kumar, we will surely succeed in laying a strong foundation to our budding tiny tots.

All the best

Mr. Surender
(Principal)

"A child's mind is not a vessel to be filled, It is a lamp to be ignited." It is indeed a great delight for me to bring out this marvellous addition of this newsletter of Primary Section of KV Rohtak. The newsletter is a true mirror of the development, growth and creative talents of our students. Though this pandemic situation has confined us to our homes, it has not bogged down our children's creativity. The students have showcased their talents in the form of craftwork, music, dance, articles, paintings & drawings etc. which in turn reflect the journey of the school and has set forth the spirit of individualism and togetherness. My sincere thanks goes to all those who have put in their heart and soul towards the publishing of this newsletter. I congratulate the editorial board and all of my dear children for their efforts in giving shape to this newsletter.
