

PUSTAKOPAHAR

The aim of this program was to make Student's aware of "Reuse of Children's books in the school, saving paper addressing the environment concerns". Respecting nature and living in harmony with the environment is the major global requirement now for the existence of f life on the earth. Reduce, reuse and recycle is powerful mantra towards this end. We can reduce the paper by the way of its reuse in our school; we would be contributing greatly to the saving paper at the national level. Under the program students of our School gifted last year text books to junior students after the result declaration. Kendriya Vidyalaya Rohtak celebrated Pustakopahar Program in March and April.
